Basic UDI-DI: 5745000343-SBSP20-23

Version 2.0

## Declaration of Conformity for Side by Side P20

The device is in conformity with Medical Device regulation 2017/745

	Information
Name and address of Manufacturer	PF Mobility ApS Bjerregårdvej 15, Timring 7480 Vildbjerg
SRN-Number	DK-MF-000018768
Basic UDI-DI	5745000343-SBSP20-23
Product name/Trade name	Side by Side P20
Risk Class	Class I Medical Device – Rule I Annex VIII of MDR 2017/745
Intended Use	This three wheeled electrically power assisted cycle for 2 persons is developed to enable a pilot to bring a passenger, with walking - or other disabilities - out for an active bike ride. The degree of disability means that the passenger can no longer safely ride a bike single handedly. The cycle is designed to be suitable for use on public road systems with a firm and smooth surface. The activity and speed can be supported by the electrical power assistance, regulated by the speed control at the handlebar of the pilot.
Intended user	The Side by Side P20 cycle is developed to enable a pilot to bring a passenger, with walking - or other disabilities - out for an active bike ride. The degree of disability means that the passenger can no longer safely ride a bike single handedly. The cycling is supported by the electrical engine.
Notified body name and number	Class I Medical Device. Self-declaration, therefore, no Notified Body
